## Consider Truce Request

**Arab Leaders Meet In Amman to Study United Nations Cease Fire Plea**

**CAIRO, May 25—(AP)** Heavy fighting continued in and around Jerusalem today while political representatives of the seven Arab states met in Trans-Jordan to consider a United Nations request for a truce in Palestine.

The Jewish army reported in Tel Aviv that Jewish forces recaptured Ramat Rehov, Jewish village halfway between Jerusalem and Bethlehem, where a strong Arab assault yesterday routed Jewish defenders. Haganah also said the Jewish air force bombed enemy positions around Jerusalem just after midnight.

Arabs resumed shelling Ramat Rehov, the Jewish communiqué said. The village was taken yesterday in an attack by two Egyptian companies, forces of King Abdullah's Trans-Jordan Legion and Arab irregulars, supported by field guns. Haganah regrouped its forces and counterattacked. Casualties were reported heavy on both sides.

**Arabs Make Demands**  
Prior to their conference at Amman, King Abdullah's capital, Arab leaders indicated they will stop shooting only if Zionists give up the idea of a sovereign Jewish state and disband the Jewish army. The Jews were considered certain to reject such demands.

A member of the Iraq cabinet told a reporter in Baghdad "The Arabs will accept the Security Council's plea only if sufficient guarantees are given that the Jews will not establish a state and partition will be abandoned."

The Baghdad press resumed its criticism of the United States, accusing Americans of "total bias against the Arabs." One newspaper, Al Nida, began a "Boycott U. S." campaign, urging Moslem and Christian Arabs to shun Americans economically and culturally.

The U. N. Security Council last night extended until noon tomorrow, Eastern Standard Time, the deadline for a cease fire in the Arab-Jewish warfare. Egypt and Syria asked the 48-hour extension and do delegates opposed it.

**Warning From Britain**  
The Arabs are under pressure from the British to stop fighting. A foreign office spokesman in London said Britain had warned the Arab states she expects them to observe the U. N. request.

Failure to comply might lead to suspension of treaty commitments to the Arab states, such as the supplying of arms and military training to King Abdullah's Trans-Jordan Arab Legion, government sources in London said.

The Jews had accepted the U. N. request with its original deadline of noon yesterday.

There was a chance the United Nations might get word from Amman of an Arab decision sometime today. Faris El Khouri of Syria told the Security Council the political committee of the Arab League representing the seven Arab nations would disclose their attitude no later than tomorrow noon.

## You May be Just Kidding

**LOS ANGELES, May 25—(AP)** This may not agree with your mirror, but—

Your hair isn't gray.

You're entitled to your view, of course, but Dr. Isay (and he does say) Balinkin, associate professor of experimental physics at the University of Cincinnati, has a different slant.

Dr. Balinkin, one of the world's foremost authorities on color phenomena, told the Inter-Society Color Council of America yesterday: "If you think you have gray hair, you're kidding yourself. There is no such thing as gray hair. A person with hair 20 per cent white appears gray-haired. A person with hair 50 per cent white appears white-haired."

Dr. Galikin didn't say anything about men with no hair. Apparently they're still bald.

**Round Table Council Meets Tonight**  
The Round Table Council meeting of the Chamber of Commerce will be held tonight at the Chamber of Commerce office for the purpose of presenting two projects.

The first, to bring a closer relationship between the army and the civilian population for a better understanding, and second in the interest of the rat control plan.

**Registration for First Graders at Whittier**  
There will be registration at Whittier school, for pupils who will enter the first grade next year, at the school Thursday afternoon, from 1:30 until 2:00 o'clock.

The children must have their birth certificates.

## Historic Home Furnishings Are Auctioned

### First Sale, Glass Pitcher, Bought By Sedalia Woman

**BOONVILLE, Mo., May 25—(AP)**—The furnishings of the historic old red brick mansion, Riverscene, home of the late Captain Joseph Kinney, went on the auction block today with antique dealers buying most of the pieces.

Most expensive piece of furniture to be sold during the morning was a banquet table which would seat about 30 persons. C. B. Russell of Lawrence, Kas., paid \$2,150 for it.

Two George Caleb Bingham portraits of Capt. and Mrs. Kinney were sold for \$230 each. One armchair sold for \$230. A set of ten 18th Century china plates brought \$28 each. A marble wine jug brought \$81.

**Began at 10 a. m.**

The auction began at 10 a. m. as L. W. Donaldson, Kansas City antique dealer and auctioneer, stepped to the side porch of the mansion, built in 1869 by Captain Kinney, who made an early day fortune operating a fleet of river steam boats.

Donaldson started off with glassware. The first sale was a glass pitcher which went to Mrs. O. Smith of Sedalia, Mo., for \$2.

Mrs. Mildred Greene, Ottawa, Kas., paid \$41 for a crystal bowl with a crimson overlay. A \$10 bid by Miss Ursula Lewis of Columbia, was high for a pair of milk glass jars.

**\$5.50 for Cream Pitcher**

When Mrs. Edgar C. Nelson, wife of the Secretary of State, paid \$5.50 for a china cream pitcher, Nelson expressed his views by saying:

"Gosh, she could have got that at the dime store for about 50 cents."

Donaldson described the sale as the most important antique auction since the Hewitt event in 1939 in Leavenworth, Kas.

## Observance of Jubilee Thursday

**By the Associated Press**  
Texas names a 50-vote Democratic national convention delegation today in a state convention beginning with a solemn jubilee mass at Sacred Heart church at 10:30 o'clock in the morning.

There will be many members of the clergy here from all parts of Missouri, and they will have dinner that day at the Old Missouri Homestead.

Women of the parish are arranging for a reception honoring the pastor, to be held that evening from 7 until 9 o'clock at the armory.

The reception will be sort of an open house to which Father Brunswick's friends throughout the community are invited as well as all church members.

**Earthquake Recorded**  
**WESTON, Mass., May 25—(AP)**—For six years the old mill cow on B. F. Holcomb's farm limped, and for most of that time Holcomb wondered why.

Then Holcomb investigated. Imbedded in the cow's hoof he found a diamond ring—the same one Mrs. Holcomb lost six years ago. Now Mrs. Holcomb and the cow both feel better.

## Former Mental Patient Faces Murder Charge

### Orally Admits he Shot Deputy Sheriff, Wounded Two Others

**MARSHALL, Mo., May 25—(AP)**—Norman Lee Blodgett, 18, a former mental patient, was charged with first degree murder yesterday in the fatal shooting of J. O. Freeman, 50 year old deputy sheriff.

The youth orally admitted, said Sgt. Leo Hodell of the Kansas City police, that he shot Freeman and wounded two other men Sunday in seeking to free his sweetheart from the state school for the mentally defective and epileptic. Blodgett was arrested in Kansas City four hours after the shooting.

Blodgett became acquainted with the girl while he was an inmate at the school. He said he loved her and wanted to marry her.

His preliminary hearing on the murder charge was set for June 10 when arraigned before Magistrate A. B. Moy. He was heavily guarded by state troopers on the trip here from the Lafayette county jail at Lexington. He was returned after the arraignment.

Charles Jaekel, school florist, who was one of two wounded in the shooting, is a brother of Mrs. John Cole, Route 1 and son of Mrs. John Jaekel, who lives with her daughter. The Cole family was notified Sunday and went immediately to Marshall, but their brother and son had been taken to a bone specialist at the Boone county hospital. In a telephone call to the hospital Monday, Mrs. Cole learned her brother was getting along all right, and every effort was being made to save the arm. The Sedalians plan to go to Columbia some day this week to visit him.

### Had Escaped Twice

Blodgett twice escaped while an inmate at the school here. He was confined Aug. 14, 1947 at the state hospital for the insane at Fulton and was paroled last March. The hospital reported in "our opinion he was not insane while here."

The condition of Dr. William G. Treffz, 25-year-old dentist at the school who was wounded above the heart, was reported as "very much better" today by his physician. The physician, Dr. George Aiken, said Treffz was having a good chance to recover.

The other victim of the shooting, Charles Jaekel, school florist, was reported recovering satisfactorily in the Boone county hospital.

Jaekel was shot in the right arm, the bullet splintering a bone.

## Oklahoma Negro To Die Tonight

**McALISTER, Okla., May 25—(AP)**—Barring unexpected last minute clemency from Gov. Roy J. Turner, 31-year-old Lewis Grayson, a Negro, will die tonight in Oklahoma's electric chair.

Execution is set for 10:30 p. m. (CST) Warden Clarence P. Burford of the state penitentiary here said.

Grayson was convicted of rape in Muskogee county in 1945.

The execution will be the first since Rich Owen, the state's executioner for more than 20 years, died several months ago.

The job will be done by M. E. "Big Boy" Elliott of Durant, Okla., appointed by Burford to succeed Owen.

Funeral services will be held at the Ewing funeral home at 2:00 o'clock Saturday afternoon.

The Rev. Ervin Kelley, pastor of the Pentecostal Church of God, will officiate.

Interment will be in the Crown Hill cemetery.

The Veterans of Foreign Wars will be in charge of graveside services.

## Marshall Employs City Manager

**MARSHALL, Mo., May 25—(AP)**—Herbert D. Fritz, 39, of Grand Junction, Colo., has been employed as city manager of Marshall at an annual salary of \$6,100.

He was named last night by the city council and his appointment is effective immediately. He was chosen from a list of 29 applicants.

Fritz, a graduate in civil engineering of Iowa State college, formerly was city manager at Grand Junction. He is married and has two children.

There will be many members of the clergy here from all parts of Missouri, and they will have dinner that day at the Old Missouri Homestead.

Women of the parish are arranging for a reception honoring the pastor, to be held that evening from 7 until 9 o'clock at the armory.

The reception will be sort of an open house to which Father Brunswick's friends throughout the community are invited as well as all church members.

**Party Loyalty, an Issue**  
The Democrats there four years ago when the state sent pro and anti-Roosevelt delegations to the national convention, was the big question again today.

Party loyalty, an issue among

the Democrats met at Brownwood, the Republicans at Corpus Christi. It was the only presidential delegate picking of the day.

The reception will be sort of an open house to which Father Brunswick's friends throughout the community are invited as well as all church members.

## Bride-to-be Feels Like She Is Only Eighty

**BRUSHTON, N. Y., May 25—(AP)**—Wedding plans are in the making for a widow who figures she's past 90 and her 37-year-old beau.

Clarence McGee "hasn't been courting me very long," Mrs. Eliza Murray said yesterday. But Clarence and I like one another well enough to get married and that's just what we plan to do."

"I only feel like 80," she added.

She was about 14 when she went to the altar with Charles Murray, she thinks. This will be McGee's first marriage.

McGee sat smiling and nodding while his bride-to-be talked to a Syracuse Post-Standard reporter in the kitchen of her home in this rural village.

But her 68-year-old son, James, who lives with her won't call McGee "father."

"I'm a little too old for that now," the son observed.

## Class of 1894 Reunion at J.P. Quinn Home

### View Pictures Taken From Fifth Grade on

**A dinner was given Monday evening by James Quinn and his sister, Miss Mary Quinn, at their home, 708 West Fifth street, for members of Mr. Quinn's graduating class of 1894, from the Sedalia high school which was then at Broadway school.**

Attending were members of the class who are still residing in Sedalia. They were Mr. and Mrs. Irwin Raut, Harvey Dow, Miss Mayme Shipley, Mrs. Myrtle Woodward Moore and Mr. Quinn.

Two other members of the class who still reside in Sedalia but who were out of the city Monday evening are Miss Julia Eiseman and W. O. Stanley.

There are two other living members of the class Glen Woods of Oakland, Calif., and the former Sidney Murphy, who now lives in the state of Colorado.

One other member of the class George Emack, was never heard from by any of his classmates since graduation.

### Decedent Members

Deceased members of the class are Edna Tyson, Emma Hale, Clara Shepherd, Zippie McDougal, Eda Parks, Grace Hauptly, Maude Dillon, Jennie Signor, Rose Hain, Damon Porter, Allen Feeks and Larry Shy.

A special guest at the dinner was Mrs. Joseph Quinn, sister-in-law of Mr. Quinn.

The evening was spent in reminiscing and looking at pictures taken of the group from the fifth grade on through to the graduating class. Some of the group was not in the fifth grade picture as there were two fifth grades at that school and others came from other schools. The two rooms were joined, however, in the next grade and went on through high school together.

In his message to the lawmakers late yesterday, Mr. Truman said the present program is "seriously inadequate" to ease the "desperate" plight of the aged and needy in a time of inflation. He urged immediate action to:

### Broaden Insurance

1. Broaden the old-age and survivors insurance to cover self-employed, farm workers, domestic workers and some other groups now excluded. The program now covers about 30,000,000 employed persons. The president's plan would boost this number to 50,000,000.

2. Increase old age benefits by at least 50 per cent, with women becoming eligible at age 60 instead of 65 and elderly persons to be allowed to earn up to \$40 a month instead of the present \$15, without disqualifying themselves for the benefits.

# The Daily Washington Merry-go-Round

by Drew Pearson

WASHINGTON, May 25—With benefit of publicity, a significant backstage battle is being waged regarding the question: "To nominate, or not to nominate Mr. Truman."

A host of Democratic leaders would like to duck Harry's nomination but most of them—at least from the north—are afraid to stick their necks out. They are secretly encouraging others to do the sticking, however, and they are quite delighted to hold anybody else's coat.

But despite this hesitancy, more and more Democrats are quietly lining up—with the hope of blocking nomination on the first ballot. If Truman doesn't make it on the first ballot, they figure he's licked.

Illustrating the current inside strategy is what's happening regarding California. The California delegation is pledged to Truman. Under the law it can't switch until after the first ballot. But there's nothing to prevent the California delegation from "seconding" the nomination of General Eisenhower or of anyone else.

Therefore, the strategy now being discussed is for Alabama, first state to vote at the Philadelphia convention, to nominate Eisenhower and then for California to second him.

## British's Silken Curtain

In Russia it's called the "Iron Curtain," in England it's sometimes called the "silken curtain"—at least where British diplomacy is concerned. The implication is that the British are much smoother at diplomatic sleight of hand.

For instance: In London the British foreign office candidly admits it has been shipping arms and paying money to King Abdulla of the Trans-Jordan. About sixty British officers are also commanding his troops. The British foreign office also states officially that Britain will stop sending

aid as soon as the United Nations takes official action banning such aid.

That sounds fine. But—Simultaneously at the United Nations, British delegate Sir Alexander Cadogan has played the leading part in blocking U. N. action on Palestine.

Thus the British right hand pretends not to know what the left hand does.

This recalls all too vividly the double role played by the British when Henry L. Stimson was trying to stop the Jap warlords in Manchuria in 1931-32. When the USA would deliver a note of protest to the Japs, the British ambassador would deliver a similar protest—then drop around to the Japanese foreign office later to explain orally that the British didn't really mean it. Likewise, when the League of Nations was trying to apply sanctions against Mussolini's wanton attack on Ethiopia, it was the British who sanctimoniously preached about aggression but urged the sale of oil to Mussolini. This was the one commodity he need most.

## Neglected Army Reserves

The avowed purpose of the manpower bills, now before congress, is to train more reserves for a possible emergency. Yet the army has been so busy lobbying for peacetime conscription, it has completely neglected the reserve program supposed to keep this manpower active after training is completed.

In fact, the reserve officers association recently was forced to send its own representative before the house appropriations committee to plead for a paltry handout. Meanwhile Secretaries Forrestal and Royal, beating the drums for billions to build up the armed services, blandly admitted that their chief aim was to stockpile manpower which would go into the reserves.

Col. C. M. Boyer (inactive) pleaded the case for the reserve

officers the other day behind closed doors.

"We feel," he told a house appropriations subcommittee, "that inasmuch as the department of defense has stated that the reserves are needed in the national security picture, then the department of defense should request sufficient funds and not make it necessary for us to appear."

The defense chiefs, however, had recommended only \$8 million dollars for both army and air force reserves, while Col. Boyer testified they needed at least \$303 million dollars. With such funds and proper support, the national guard and reserves could also train new recruits and do it cheaper than the regular services thus making the draft unnecessary.

## Citizens Army Won Past Wars

"To us it is ridiculous," Col. Boyer told congress, "to ask two billion dollars to produce the manpower that is needed to build the reserve forces, then ask only eighty million dollars for the reserve program itself."

"This country was founded and has maintained its existence on the theory that the security of the country must be based on a small regular force and a large citizen's army," he continued. "In every war in which this country has participated, the citizen soldier has predominated."

Approximately 90 per cent of the fighting and dying is done by the citizen soldier."

Three years after the shooting war ended, Boyer reported, no "realistic program" has been developed for the reserves. As a result, the reservists are losing interest and dropping out.

"That is absolutely right," broke in Chairman Albert Engel, Michigan Republican. "I accepted a reserve commission in 1919, and didn't hear anything from the army. I can say from my own experience that inactivity causes you to lose interest."

Note—Congressman Errett Scrivner, Kansas Republican, who was not feeling well, stretched out on a couch throughout the closed hearing.

"Don't you want to come up to the table?" asked Chairman Engel.

"No," Scrivner replied, "I'll take this lying down."

**Merry-Go-Round**  
Democratic Chairman Howard McGrath will accompany President Truman only as far as Chicago on the forthcoming western campaign trip. Clark Clifford, Charlie Ross and Matt Connolly will take the entire tour. The special presidential short-wave radio baggage car built by the army during the war is being made ready for the western tour. . . . Kate Smith has been made an honorary army nurse by Surgeon General Raymond Bliss. After the ceremony General Bliss addressed Kate as "Colonel Smith." . . . Gael Sullivan, able retiring executive director of Democratic national committee, is being approached to spearhead the Eisenhower for president drive, has made no commitment. Jim Rowe, former administrative aid to President Roosevelt, is being boomed for Sullivan's old post. . . . Mrs. Roosevelt still tells friends she can't support President Truman for re-election.

The walls of many residences and public buildings in Buenos Aires and other Argentine cities are covered with multi-colored glazed tiles.

## AWFUL RHEUMATIC PAIN LEFT MAN'S BODY IN 8 HOURS

"For years I had rheumatic pains in the muscles of my shoulders, legs and ankles, which finally got so stiff, sore and painful that when I walked I would flinch with agony. I got TRU-AID and started taking it, and the rheumatic pains began leaving by body in eight hours. Now the pains are gone from my muscles entirely. I feel like some other person, and I praise TRU-AID to the sky." This is a genuine testimonial from a man truly here in this vicinity.

TRU-AID is the new liquid formula, containing three valuable medical ingredients. These Three Great Medicines, all blended into one, go right to the very cause of rheumatic and neuritis aches and pains. Miserable people soon feel different all over. So don't go on all drug stores here in Sedalia.

"The subject of Wills has no beginning or ending," said Miss Hazel Palmer, attorney, of Pettis county. Miss Palmer spoke at the meeting of Daughters of the American Revolution, May 22 at the home of Mrs. W. L. Layne, Otterville.

"We should all make a will," she said, "if we are at all interested as to who gets our possessions when we are gone. For a will is an instrument that divides our belongings of fruits of our life's work."

"Some superstitious people think a will is an ill omen and are afraid that in making a will it is an intuition one is soon to die. Wills should be connected to life instead of death. They are like insurance policies to protect our loved ones."

"Some wills are ridiculous," said Miss Palmer. "She cited one instance of a man who bequeathed his skin to a local drum corps for drum skins and requested that 'Yankee Doodle' be played at Bunker Hill."

"Only while we are alive can we dispose of our property unless a will is made and our personal property at the time of our death is determined entirely by the laws of the state in which our property is located," said Miss Palmer, continuing.

"There was a time when married women could not make wills and in some states it is still restricted. In the state of Missouri

a woman must be twenty one to make a will and a man eighteen. "Years ago, a will usually began, 'I will my soul to God'—now it is 'I direct and request.'"

The oldest man's will Miss Palmer could find on record at the court house was dated 1833 and the oldest woman's will was dated 1847.

The will of George Washington made in 1799, she added, is an instrument of wisdom, tolerance and judgment, a movement of greatness.

In closing, Miss Palmer said, "There are wills—some wise and some otherwise."

The business meeting was conducted by the regent, Mrs. J. E. Mitchell. Reports of all committees were given and officers were elected for the new year. They are: Mrs. A. L. Walter, regent; Mrs. Leonard McClure, first vice regent; Mrs. George Dugan, second vice regent; Mrs. Harley Vaughan, secretary; Mrs. L. P. Howard, treasurer; Mrs. H. Clay Jones, historian; Mrs. A. T. Scott, librarian; Mrs. Edgar Knight, chaplain.

Guests were: Mrs. H. S. Debbern of Milan, Ill.; Mrs. Troy Goff of Parsons, Kas.; and Mrs. Chester L. Wolfe, all visiting members of D. A. R.

Hostesses were: Mrs. W. L. Layne, Mrs. W. E. Scotten, Mrs. L. Strole, Mrs. Ruth Riley, Miss Ruth Fuhs, Mrs. W. T. Bishop, Mrs. Clay Jones and Miss Lura McCluney.

A banquet, followed by a party, was given last Wednesday night at the Old Missouri Homestead by employees from all departments of the Bell Telephone company in honor of J. K. McGuire, 920 South Massachusetts avenue, Mr. McGuire, district traffic chief of the company has been transferred to Hot Springs, Ark., and will be succeeded by W. G. Hoffman of Little Rock, Ark., who was also a guest at the banquet.

The table at which the guest of honor was seated was centered with an arrangement of cut flowers.

Milton Zilliken, master of ceremonies, presented Mr. McGuire with several gifts from various groups in the company and Mrs. McGuire also received a number of gifts among them two dozen American Beauty roses.

There was a bit of humor in the gift giving, too, when Mr. Zilliken with an unusually flattering speech on one of Mr. McGuire's hidden talents drew forth from beneath the table something wrapped in brown paper and tied with string. It proved to be a loving cup made from a grapefruit can with the inscription saying something about being a

graduate.

The Rev. D. M. Clagett, pastor of the Broadway Presbyterian church, went to Kansas City, where he is in attendance at the general assembly sessions of the Presbyterian church.

A. Hallenbeck, owner of McAlister Springs, has announced the opening of that summer resort on Saturday, May 30 with Robert Mowbray as manager.

Postmaster E. E. Coddington of this city is on the program of speakers for the Missouri Postmaster's association convention to be held in Springfield, Mo., on August 14 and 15.

Workmen have started the work of installation of a nine mile telephone line of the Tebe Telephone company extending from the High Point school house to the home of Brooks Wilson, southwest of Sedalia. Phone boxes of patrons are to be installed along its course.

**Democratic President Used G. O. P. Podium**

PHILADELPHIA, May 25.—(P)

When Girard college officials prepared for President Truman's visit last Thursday in connection with the school's centennial exercises, they discovered they lacked the proper sort of podium.

A hurried search produced a podium of the necessary dimensions and the President delivered his broadcast address on schedule.

Then the borrowed podium was returned to the Nion League—one

# Candlelighting Invests S-C Juniors Powers To Carry On

The beautiful and traditional candlelight service of Smith-Cotton high school was held Monday afternoon at 3:00 o'clock in the auditorium of the school—the candlelight service is held annually for the purpose of the senior class investing their powers to the members of the junior class.

As the seniors, in their caps and gowns, entered the auditorium from the west side and the juniors entered the east side to the strains of Bergen's "Festival March," the auditorium was darkened. The curtain parted to reveal baskets of flowers, a table holding one lighted taper and two unlighted

## New farm telephones

going in fast...

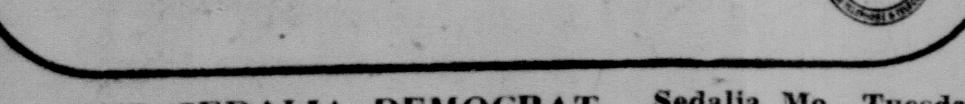

It's a common sight to see new telephone pole lines at the sides of rural roads in many of Southwestern Bell's exchanges. They mean modern telephone service is on the job to make for better farm living.

You will find quiet, two-wire telephone lines replacing noisy "ground return" circuits in these areas. Convenient handset telephones are taking the place of boxlike wall instruments.

Farmers need dependable telephone service. We're doing our best to provide it for them—fast. In the past two years, we have connected more than 80,000 additional telephones in the rural areas we serve.

PATIENCE awoke late and flung back the bedclothes. To her horror it was half-past nine. Swiftly she bathed and dressed and went into Charlotte's room to find it empty. Imagine Charlotte up and downstairs before her! She hurried down to the restaurant to find Charlotte, Dwight and Roger having coffee and rolls and apparently discussing whether Charlotte should call her. Only Charlotte, it seemed, had demurred. Charlotte had been saying that surely it was better to let her sleep. If she'd gone to bed so late—

Charlotte looked at her now and Patience wondered why her eyes were so hostile.

"Hello," Charlotte said. "Tired?"

"Not very."

Roger smiled at her. "I'm in disgrace. Charlotte's been lecturing me for keeping you out so late last night."

"Oh, but Charlotte, I enjoyed it!"

"I'm sure you did."

"Where did you go?" asked Dwight.

"Well, we had a drive around the Bois first," began Patience, and then stopped short, not quite liking the way he was laughing at her. "What's wrong with that?"

"Nothing," said Dwight. "In fact, I imagine it was very pleasant."

"Have a croissant," said Roger, a slight frown creasing his brow.

"And I suggest we don't give them any more details about our evening. They're not telling us anything about theirs."

"You didn't ask us," said Charlotte shortly. "I didn't imagine you were interested."

"I wasn't very."

"I am, Charlotte," said Patience.

## Congress Faces Stack of Bills

WASHINGTON, May 25—(AP)—A thick stack of "must" bills cast a dark shadow Monday over plans of Republican leaders to adjourn congress June 18.

Senators probably will go on a extra hour shift this week and begin night sessions later in an effort to jam through a bundle of controversies.

But unless the lawmakers somehow can avoid the usual session-end squabbles, the best guess today is that they will be able only to recess for the Republican and Democratic national conventions and then return to finish the job in Washington's hot and muggy summer weather.

The senate planned to resume debate today on the annual farm appropriation providing more than \$1,000,000,000 for the agriculture department.

So far congress has sent to Mr. Truman only four of the more than a dozen appropriation bills which have to be passed before the new fiscal year begins July 1. Perhaps the cost controversial

of the money bills will be the one making available actual funds for the European recovery program and other foreign aid projects. These now are being financed out of reconstruction finance corporation funds. The appropriation bill has not yet reached the house floor, where all money allotments must originate.

The Syracuse high school Junior-Senior banquet was held Wednesday evening in the high school auditorium which was decorated to represent a gypsy camp. The waitresses, girls of the sophomore and freshman classes, Earlene Comstak, Eleanor Hardy, Ruth Wolfrum and Darlene Oehrke, who were in gypsy costume, served the following menu: cream of tomato soup, creamed chicken, peas, mashed potatoes, perfection salad, rolls, cake, ice cream, fortune punch, tea and coffee, to the following Seniors: Laura Nell Ellison, Aubrey Lee Otten and Hadley Wolfrum;

Phil Baker Guilty  
On A Driving Charge  
BEVERLY HILLS, Calif., May 25—(AP)—Quizmaster Phil Baker, 35, answered a question today. It was "how do you plead?" He pleaded guilty in police court to a misdemeanor charge of drunken driving. Officers arrested him last Thursday night, and said his car was weaving.

A probation hearing and sentence for the former master of ceremonies on radio's "take it or leave it" were set for next Friday.

"I'd leave well enough alone. I know our Charlotte. She'll recover."

"I'd rather speak to her."

She was gone, promising to meet him in the lounge a little later. She hurried upstairs to find Charlotte flinging things into her dressing case.

"You'd better pack too, Patience, before you go out."

"Yes, of course."

"Leave your suitcase all ready, and it can be picked up after lunch. I suggest we meet here at two-thirty."

"You mean you and Dwight want to lunch alone?"

Charlotte raised her head from her case.

"Wouldn't you and Roger like to lunch alone?"

Patience felt her color rising in her cheeks.

"Oh, Charlotte, don't be silly, and then: 'Would you mind if we did?'

"Good heavens, no."

"Well, then—Charlotte, why are you so bad-tempered? What have I done?"

Charlotte swung around on her. "I didn't expect you to come in at half-past four in the morning. I heard you creeping along the passage. I'd been lying awake worrying myself to death about you."

Patience stared at her.

"Why, I was all right."

Charlotte's eyes were even more hostile.

"Were you?"

Patience drew a quick breath. What was Charlotte getting at?

"What do you mean by that exactly?"

Charlotte laughed shortly.

"Roger's a man of the world!" For a moment there was silence in the room. Charlotte closed her suitcase and locked it.

"Just bear that in mind, that's all," she said, "if you propose to see much more of him."

She reached for her hat and put it on. She picked up her handbag and gloves. Then she left the room without another word, and Patience heard her high heels tapping down the corridor.

## Priority Claims SAAF Buildings

KANSAS CITY, May 25—(P)—Priority claimants have applied for 208 of the 456 surplus buildings at the Sedalia, Mo., Army Airbase, the War Assets Administration said in an announcement today.

John E. Kirchner, regional director, said most of the buildings to be awarded in the priority offered will go to school districts in Missouri, Iowa, Kansas and Illinois.

Three weeks will be needed, Kirchner estimated, to close negotiations between priority claimants and WAA. Surplus structures left over will be offered to the general public on a pot-high bid sale about July 1, he said.

Priority claimants include the Federal Works Agency, the Reconstruction Finance Corporation and school districts. The FWA has applied for six buildings to be removed to the University of Missouri, Columbia.

## Seniors Have Registered With D. of ES

Through the cooperation of Heber U. Hunt, Superintendent of Schools, and faculty members, the local office of the Division of Employment Security has recently taken registrations of High School Seniors.

The primary purpose of this registration is to secure occupational information from the boys and girls in order to assist them in making the transition from school life into the business world. Some of these boys and girls will go to college, a large proportion will be seeking permanent work. The local office in cooperation with the Chamber of Commerce has developed a program for more effective utilization of the labor reserves in this community. Employment counseling and job development for High School graduates is a vital part of this program.

### Number Seeking Work

An analysis of the work registrations of eighty-four boys and eighty-nine girls indicates that approximately sixty boys and

forty-five girls will be seeking permanent work this summer. All except sixteen boys and twenty-one girls have had some paid employment experience in part-time or temporary vacation work. A considerable number have had sales experience or have worked in service fields requiring a minimum of experience. However, several have experience in mechanical trades, or entry positions in technical fields. There are approximately forty potential typists and stenographers who have successfully completed work in the schools, some of whom have had experience. Utilization of these graduates by employers will greatly alleviate the current shortage of workers in these fields.

Possibly Run  
Into Deficit

ATLANTIC CITY, N. J., May 25.—(P)—John W. Snyder, secretary of the treasury, Monday fore-saw the "definite possibility" of a return to deficit financing toward the end of the fiscal year 1948-49.

"Deficit financing," he told a news conference at the 28th annual conference of the National Association of mutual savings banks, "depends on what Congress will do in the matter of appropriations."

"And Congress," he added, "always ends up by appropriating more than the President recommends."

The secretary said that these days of high income should provide all the costs of government and in addition provide for payments on the national debt.

But, he admitted, new demands

upon the government—particularly the cost of the European aid program—may force federal spending to get out of balance with federal income.

### Considers Vote Plan 'Legal'

WASHINGTON, May 25.—(P)—Roy W. Harper Monday told a judiciary subcommittee considering his nomination to be a district judge for Missouri that he considered "perfectly legal" a get-out-the-vote award plan in southeast Missouri in 1946.

Asked by Chairman Donnell (R-Mo.), of the committee why he had not taken steps to check into the legality of the plan held in connection with general election voting, Harper replied he believed it legal.

A law partner, James Reeves of Carruthersville, was chairman of the Democratic county committee which conducted the plan there, Harper said he had confidence that if Reeves went into it, it was legal.

"I prefer not to argue a legal matter with you," Harper told Donnell. "You are a lawyer and I'm a lawyer. I could talk until dooms day unless I had cases to bring in on the subject. But I know of no appellate court having ruled on this same set of facts."

Harper said he did not believe any bribery was involved in the plan in southeast Missouri and didn't think it was any more illegal than was transporting voters to the polls on election day.

### Reunion at Syracuse High

The first alumni reunion of the Syracuse high school graduates was held in the high school auditorium, Saturday night, May 15. There were about 130 present. A contributed supper was served at 8:00 o'clock, followed by a business meeting and program.

Officers were elected as follows: President, Ray James Johnson; secretary, Mrs. John Hardy; treasurer, Raymond Nichols. It was voted to make it an annual affair and the meeting next year to be the third Saturday of May. A collection of \$44.00 was taken.

# Jews Are Deep Within the Arab Part of Palestine

**By James Marlow**  
WASHINGTON, May 24.—(AP)—Here's an explanation if you're foggy on what's happened so far in the Jewish-Arab war in Palestine.

The Arabs have attacked the Jews from three directions: north, south and at Jerusalem. The heavy fighting has been at Jerusalem.

Since this is such a mixed-up war in a mixed-up place, tackle it by steps.

Jews and Arabs have lived side by side in Palestine, which is the size of Vermont, with the Arabs far outnumbering the Jews.

On May 15—when the British gave up after trying for 25 years to keep peace in Palestine—the Jews declared themselves a nation. They set up the Republic of Israel.

They claimed for their new state about one-half of Palestine, leaving the other half of the Palestine Arabs.

## Jews Well Organized

The Jews, well-organized and with the backing of most of the world's Jews, were able to set up their state under agreed-upon leaders.

The Arabs in Palestine, a more backward people and on a lower cultural and political level, had neither organization nor leadership.

But they did have the support of the rest of the Arab world which wanted no Jewish state in Palestine.

So this outside Arab world sent its fighting men banging into Palestine against the Jews. So far they've taken almost none of Jewish Palestine.

As you read the figures here it may seem that the Jews, a mere handful in a sea of millions of Arabs—are at a terrific disadvantage.

But that mass of Arabs, like the Arabs in Palestine, are on such a low culture plane that whipping them into big armies is not easy and probably not possible.

## Mixed-Up Story

This will show what a mixed-up story Palestine is:

In Jewish Palestine—Israel—there are about 600,000 Jews, and 350,000 Arabs.

In the city of Jerusalem—there are 100,000 Jews and 100,000 Arabs.

In all Palestine—Jewish and Arab combined—there are 1,299,000 Arabs and 710,000 Jews.

But—there are 33,000,000 Arabs in the seven Arab states surrounding Palestine: Lebanon, Syria, Iraq, Tarsh-Jordan, Saudi Arabia, Egypt and Yemen.

On May 15—the day the British gave up their mandate on Palestine the Jews set up the Republic

of Israel—all the Arab states except Yemen started an attack on the Jews in Palestine. This is how the attack went:

## 5,500 Arabs Fighting

From the north—Syria, Iraq and Lebanon attacked with about 9,000 troops; from the south—Egypt and Saudi Arabia moved with about 6,000 troops; and from the east—trans-Jordan struck at Jerusalem with 8,500 troops.

In addition, perhaps 10,000 poorly organized Arabs within Arab Palestine began fighting. So that's a total of about 35,500 Arabs attacking the Jews.

What of the Jews? What's the size of their fighting force? It's about twice the size of the present force of Arabs attacking them.

The Jews have about 85,000 troops, all part of the Jewish fighting force called Haganah.

So far only parts of Haganah have gone into action. But what of the success the Arabs have had in crushing Jewish resistance in Jerusalem?

That's been a limited success. As noted, Jerusalem is deep within the Arab part of Palestine.

## C. E. Rissler Addresses Optimist Club

The Sedalia Optimist club held its weekly luncheon today at the Bothwell hotel. The speaker was C. E. Rissler, a member of the club, local dairymen and former Indian Service teacher.

Mr. Rissler was first attracted to the Indian Service by the fact that higher wages were paid than in public schools. Requirements were also higher.

The first position assigned to the speaker was at Lac du Flambeau, Wisconsin, where he taught science. After holding several positions at Lac du Flambeau, he was transferred to the Southwest among the Santa Domingo tribes.

## Interesting Anecdotes

Mr. Rissler related several interesting anecdotes and passed out some examples of craftsmanship for inspection. In the speaker's opinion, the Indian is generally mistreated by the white man's laws, and Mr. Rissler thinks that the Indian Service is on the way out.

The club voted an appropriation today for the purchase of a panel truck for use in carrying out the work of its "Junior G-Men" club.

Optimist Club President, Dr. H. O. Wilbur, presided and introduced Vincent Ward as a new member.

The speaker was introduced by program chairman, Lee Deason.

The proposal for drafting the 18-year-olds—a substitute for universal training—was the major difference between the senate and house bills. House sentiment is against any compulsory training of that age group.

## New Ruling in Big Seven Stirs Up Discontent

K.U. Alumni Call it 'One-Sided Border Feud' Over Material

LAWRENCE, Kas., May 25—(P)—Rumblings of discontent with a Big Seven Conference athletic eligibility ruling echoed today in the executive mansion at the state capitol in Topeka and stirred up University of Kansas alumni on many fronts.

The ruling, which is a reinterpretation of a rule already on the books, will prove especially crippling to K. U. football prospects this fall. Four other members of the conference have named athletes, not all in football, whose college athletic careers will be ended or shortened.

Kansas, with five gridmen out of the picture, leads the list in numbers.

**Governor Plans Action**

Gov. Frank Carlson said last night he planned to take action. "I will do everything in my power to see that this breach of faith with vets is corrected. I am absolutely on the side of Chancellor Malott and President Eisenhower."

Deane W. Malott, chancellor of the University of Kansas, and Milton S. Eisenhower, president of Kansas State College, both expressed bitter dissatisfaction with the ruling. Carlson said "I am completely behind the stands taken by heads of our schools in Kansas."

Malott said the action by faculty representatives was "retroactive and discriminatory" and that

he would ask heads of other schools in the conference to consider the matter and inform him of their positions.

### Should Reconsider

At Kansas State College where a star basketball player will be ruled out by the reinterpretation, Eisenhower said he believed the problem should be "reconsidered."

The re-interpretation of the rule is that freshman and junior college competition is to be counted in calculating four years of play permitted students entering school before May 1, 1947.

Application of the rule as now interpreted will affect a score or more athletes in the confer-

ence, most or all of them World War II veterans.

The executive committee of the Kansas department of the American Legion has asked for an investigation to determine whether veterans are being discriminated against by the ruling. A resolution asking for the investigation was passed Sunday at Topeka.

Bitter resentment was expressed by K. U. alumni at Topeka last night. The Daily Capital said in a story today that prominent alumni in Topeka are "definitely considering" withdrawing their alma mater from the conference.

The paper said alumni planned to ask for such action unless something is done about the re-interpretation of the rule.

### "One-Sided Border Feud"

Several influential K. U. alumni, the Daily Capital reported, termed the new ruling "A result of a one-sided border feud over football material."

Henry Bubb, president of the K. U. Alumni Association of Topeka was quoted.

"It is regrettable that innocent Big Seven athletes will feel the axe of Don Faurot's animosity over the Lee's Summit incident."

Faurot, head football coach at the University of Missouri, expressed resentment over the Kansas school taking Missouri high school athletes. He has referred to the enrollment of Forrest Griffiths, star athlete of Lee's Summit, Mo., at K. U.

Under the new interpretation of the rule, Kansas stands to lose five gridmen, including Don Farnham, star guard. The others are Marvin Small, Tom Scott, Gene Sherwood and Red Hogan.

Kansas State will be without the services of Harold Shannon, outstanding baseball player and captain.

Iowa State and Nebraska appeared to be the only institutions without players who will be ruled out of competition.

Other schools reported the following as affected by the ruling: Oklahoma — Tackle Earl Hale and Halfback Charles Sarratt, ineligible for further competition; quarterback Jack Mitchell, ineligible for the 1949 football season.

Missouri — Fullback Lee Bowman and football center Roy Tatum; track man Harry Guth.

### Nebraska Wears Big Seven Crown

KANSAS CITY, May 25—(P)—The University of Nebraska Cornhuskers wore the Big Seven Conference baseball crown today.

The Huskers won from Iowa State 6 to 2 yesterday at Lincoln for their ninth straight victory and their 16th in 16 conference games this year.

At the same time, Missouri, in second place, was dropping a contest at Boulder, Colo., to the Colorado University Buffaloes 4 to 3 in 10 innings.

Nebraska finishes its season today against Iowa State, and Missouri winds up its year with another game at Boulder.

Missouri has won 10 of 15 games.

Kansas State and Kansas University were scheduled to try again today at Lawrence, Kas., after the first game of their two-game series was washed out yesterday.

## Chiefs Lose To The Millers

Imhauser Fans 15 But Marshall Wins 6 to 5

Joe Imhauser fanned 15 Marshall batters, but that kind of pitching was not good enough to win and the Marshall Millers defeated the Sedalia Chiefs Monday night at Marshall in a night game by a score of 6 to 5.

Smith, a righthander pitched a steady game for the Millers and was able to stop several threatened Sedalia rallies.

The Chiefs opened the game by scoring two runs in the first inning and another in the second but the Millers tied the score in the third inning when Spragg smacked a double into left center. Smith fanned but Kayes doubled. Bear fanned, but the third strike got away for a passed ball and Bear went to second. Austin doubled and Mull and McKee were easy outs to end the inning after three runs had been scored.

### Get In There More

The Millers got three more counters in the fifth to ice the game away when Hayes led off with a double. Bear singled and Austin hit another double and scored on a wild throw by Barbour.

The Chiefs counted a run in the sixth when Joe Waters was safe on an error by Austin and Hawley scored Waters with a single. They kept after Smith and counted another tally in the seventh. Schumaker, Waters and Barbour hammered out hits to score one run and leave two runners stranded.

Smith then tightened up and sent the Sedalia batters down in order in the eighth and ninth innings.

Friday night under the lights at Liberty Park the Chiefs will meet the Jefferson City Ban Johnson League team in a game scheduled for 8 o'clock.

He was encountered on the golf course yesterday, politely avoiding the mad rush of the gallery and pulling like the dickens for Jimmy Demaret to beat Ben Hogan. . . . "Jimmy used to work for me," Maniaci recalled. . . . He was golf pro at the Bainbridge naval station when I was athletic director there. . . . Lew Worsham was his assistant. . . . Blues Lose to J. C. Tweedies

The Jefferson City Tweedies advanced into second position in the Central Missouri league Sunday when they defeated the Sedalia Blues 3 to 2 on the J. C. ball diamond.

The game was an interesting affair to watch from start to finish with Coffelt on the mound for the Blues and Shoeman hurling for the Tweedies. Coffelt allowed 4 hits while Shoeman gave the Blues eight scattered bingles.

The Blues had four errors and the Tweedies three.

Rain caused the postponement of the game scheduled Sunday morning with the prison team.

It remained for a veteran of 13 years in the major leagues to spoil a no-hit pitching effort in the American Association Monday night.

The villain was Lonnie Frey, now with Minneapolis. He did his work as a pinch hitter against Louisville's Jack Griffon in the last inning. With one out, Griffon had one ball and two strikes on Frey when the veteran clubbed a clean single in the ninth. Griffon retired the next man and then Len Schultz got the second Miller hit. That was all, and Louisville won 4-0 with Griffon's 2-hitter going on the books as the best pitching chore for the Colonels this season.

At Toledo, the Mudhens downed the league leading St. Paul Saints for the first time in nine tries, 6-5.

Toledo's Frank Mancuso, ex-St. Louis, lost credit for a homer when he passed Don Richardson on the baselines. He was officially listed for a single.

Columbus ran its winning string to nine games by pounding Milwaukee 11-2 to remain in second place.

Indianapolis counted four runs in the opening frame then beat off Kansas City threats to win 4-2. A double by Les Fleming, a triple by

## Wrestling Season Ends Wednesday

Wednesday night wrestling for this season comes to an end. In Pettis County Post No. 16, American Legion committee in charge, has asked for a full evening of entertainment and stars. Promoter Gust Karras has completed the plans and gives three matches on the card one a "team-tag" event.

Don McEntyre, Otterville, who recently returned to his home, is on the card matched with Sonny Myers, St. Joseph, to meet Lord Albert Mills, London, England and Lou Newman, Los Angeles, in a "team-tag" event.

Smith, a righthander pitched a steady game for the Millers and was able to stop several threatened Sedalia rallies.

The Chiefs opened the game by scoring two runs in the first inning and another in the second but the Millers tied the score in the third inning when Spragg smacked a double into left center. Austin doubled and Mull and McKee were easy outs to end the inning after three runs had been scored.

A free-for-all is anticipated when Mills and McIntyre clash during the event. McIntyre beat the English batter last week in a most hectic get together. Plenty of support will be on the sidelines for McIntyre and Myers, both favorites to Sedalia Wrestling goers.

Ray Turner, St. Louis, clashes with Emir Badui of Arabia, in the semi-windup while Jay Steele, Centerville, Iowa, will meet "Bill" McIntyre, Otterville, in the open.

"Bill" McIntyre is a brother of Sammy Fieback, the referee.

They were riding high, wide and handsome on a one-game winning streak. The man responsible for Brooklyn's first success since May 13 was southpaw Preacher Roe. The Brooks had dropped eight straight to fall into the National league basement.

Roe went the route with an eight-hit 4-0 win over the Cincinnati Reds.

Walter (Monk) Dubiel, who only 10 days ago blanked the New York Giants with three hits, pitched another three-hitter last night as the Phillies whipped the National league leading St. Louis Cardinals 6-2 in Philadelphia.

Johnny Blatnik, Philadelphia's fine looking rookie outfielder continued his spectacular hitting with a double and triple, driving in two runs. Dubiel also collected two hits and scored twice. Stan Musial's seventh home run accounted for the Cards' runs. Enos Slaughter, Musial's fellow outfielder, failed to hit safely and had his 17-game hitting streak snapped.

The loss cut the Cards' first place lead over the New York Giants to two and a half games.

No other major league games were scheduled.

## Strong One Term President Is Called For

Suggestion Made By Sen. George, Georgia Democrat

By Jack Bell  
WASHINGTON, May 25—(P)—Sen. George (D-Ga) said Monday the voters ought to elect in November "a strong, one-term president who can set this country on the right course."

George, who has been mentioned as Georgia's favorite son candidate in the Dixie civil rights battle against President Truman's nomination, told a reporter he doesn't think Mr. Truman "is the answer to the country's prayer for leadership."

"We need a strong, one-term president who will forget politics and bring expenditures down to the point where we won't go bankrupt," the Georgia senator declared.

"Unless we change the trend we are in now," George said, "we are heading for expenditures that may reach 48 to 50 billion dollars in calendar year 1949. We are heading for a deficit and increased taxes and I don't think the country can stand it."

No Decision on Candidate

George said he hasn't decided yet who the one-term candidate should be. He added he is waiting to see whom the Republicans and Democrats nominate and what the party platforms are."

The Georgian indicate he may not go along with one proposed southern move to put the name of Gen. Dwight D. Eisenhower before the Democratic convention.

Eisenhower was quoted in Chicago last week as saying he isn't going to give public support to either the Republican or Democratic nominee for president. Published reports said he declared he had no intention of opening his mouth about the various candidates.

This seemed to throw cold water on a back s'ge move by friends of some Republican and Democratic hopefuls to get the Columbia university president to take sides in favor of their man.

## How the Poppy Day Started

How the little red poppy became the memorial flower of the dead of the two world wars was described by Mrs. R. R. Conn, president of Unit 16 of the American Legion Auxiliary, as the Auxiliary continued its preparations for the annual observance of Poppy Day here Saturday, May twenty-ninth.

"The custom of wearing the poppy as a memorial flower seemed to spring up naturally both in the United States and England after the close of World War I," explained Mrs. Conn. "Returning soldiers brought back memories of the little wild poppies growing along the edge of the trenches, beneath the tangled barbed wire, around the shell holes and over the fresh earth of the battle graves. They were the one touch of nature's beauty which survived in that area of destruction known as 'the western front,' and came to symbolize the heroism of those who died."

"The association of the poppy with the war dead was given beautiful expression in the poem of Colonel John McCrae, Canadian physician who sacrificed his life shortly after he wrote: 'In Flanders fields the poppies blow, Between the crosses, row on row—'

The poem touched hearts the world over and tied the poppy inseparably to thoughts of the war dead.

The first instance of wearing poppies in tribute to the dead took place in New York City on November 9, 1918, when Miss Moira Michael of Athens, Ga., Y.M.C.A. staff worker, distributed poppies at a conference of that organization.

The poppy was first distributed publicly on the streets of Milwaukee in June, 1919, in connection with the home coming of the Thirty-second Division and was first used to raise funds for aid of the disabled veterans in that same city the following May.

ever, to the southerners who think they might be able to push Eisenhower over at the Democratic convention.

This possibility — remote as it seems to most politicians — was reported to have been given serious study by some of the backers of Senator Robert A. Taft in his bid for the Republican presidential nomination.

In this connection, the Taft camp was credited with spurring the latest move to get Gen. Douglas MacArthur home to testify before the Senate appropriations committee on Far Eastern conditions before the June 21 Republican convention.

Differences of Opinion

Some congressional sources say the supreme commander will come back if sufficiently urged, even though he turned down a previous bid from house members.

The Taft backers apparently think that MacArthur — with eight delegates backing him in Wisconsin, two in Illinois, and scattered strength elsewhere — might be induced to support Taft publicly if the general concludes he can't win the nomination himself.

The Taft camp admits privately that a chief worry is the feeling among some convention delegates that the Ohio senator might not be able to win in November if nominated.

## Given 25 Years In Armed Robbery

JOPLIN, Mo., May 25—(P)—A circuit court jury Monday convicted Virgil C. Heickert, 36, St. Louis, of armed robbery in a hold-up of the Western Union office here July 2, 1946, and fixed his punishment at 25 years in the state penitentiary.

Heickert, his left foot still in cast from a fracture he received in a daring escape through a third-story window of the courthouse here April 12, smiled and chatted with his attorneys a minute after the verdict was read. He had been sentenced three times previously on robbery charges, serving two prison terms, the other conviction had been reversed.

Heickert was the only defense witness. He testified after three victims of the Western Union holdup had taken the stand to positively identify him. He was on the witness stand less than five minutes, denying the robbery and stating that he was in St. Louis the night the crime was committed. He admitted his prior convictions and the escape from the courthouse. He was recaptured two days after his escape.

In the petition, the plaintiff is asking for the care and custody of minor children, and a suitable amount of money for their support.

The attorney for the plaintiff is W. F. Brown.

Divorce Action Filed

A divorce suit was filed in circuit court, Monday, by Nina Mae Moon, against Omar Moon, alleging general indignities.

The petition states that the couple was married October 9, 1937, and separated December 27, 1947, and to this union of marriage, two children were born, now at the age of five and nine years.

In the petition, the plaintiff is asking for the care and custody of minor children, and a suitable amount of money for their support.

The attorney for the plaintiff is W. F. Brown.

## Truman to Talk in Five Cities on Trip

Topics Foreign Policy, Conservation, Displaced Persons

WASHINGTON, May 25—(P)—The White House said Monday Pres. Truman probably will make major speeches on foreign policy, conservation and displaced persons on his cross country train trip in June.

Five major addresses are scheduled. The probable subjects for the other two speeches were not announced. One of them is to be before the 35th Division reunion at Omaha June 5. The setting suggests the possibility that it may deal with defense.

The major speeches will be at Chicago, Omaha, Seattle, Berkeley, Calif., and Los Angeles. Mr. Truman also plans many extemporaneous talks, mostly from the platform of the special train.

The president will leave Washington the night of June 3. He will speak at Chicago at 9 p. m. (Central Daylight Time) in the Chicago Stadium, June 4.

This and other major speeches will be from prepared manuscripts. All will run from 15 to 20 minutes.

To Open Anniversary

The Chicago speech will be at the opening of the observance of the 100th anniversary of Swedish immigration into the midwest. White House officials indicated it likely will at least in part with the problem of displaced persons.

The other major addresses:

June 5, Omaha, Neb., before the 35th Division reunion, 9 p. m. (CST).

June 10, Seattle, probably in Victory Square, under auspices of Washington State Press club, 1 p. m. (Pacific Standard Time) (3 p. m. CST). This will deal with reclamation and public power.

June 12, Berkeley, Calif., at commencement exercises at University of California, 2:30 p. m. (PST) (4:30 p. m. CST). This address may be on foreign policy.

June 14, at Los Angeles, under auspices Greater Los Angeles Press club at Ambassador hotel at 1:15 p. m. (PDT), 2:15 p. m. (CST).

Ahead-on collision between a 1940 Pontiac sedan, driven by Robert Long, 1010½ East Fourth street, and 1936 Chevrolet truck, driven by E. Shull, 427 East Howard avenue, occurred Monday night at 8:10 o'clock, on East Broadway, near Babcock avenue.

The Pontiac was heading east, and the truck was traveling west on Broadway, when the collision occurred, involving property damage only.

Damages to the Pontiac resulted from a grill, left head light, left fender and fog light, and to the truck, a left front fender.

Shull was arrested by police and is to appear in
